

## Child Safety Lock Act of 2005

This legislation required handguns to be sold with child safety locks. The Center for Disease Control and Prevention found that 151 children died in 2003 from accidental gunshot wounds and 1.7 million children live in households with unlocked and loaded guns. The amendment was attached to the Protection of Lawful Commerce in Arms Act, with every Democrat and many Republicans voting in favor of the amendment.

Senator Herb Kohl (D-WI)
